

Consider Weather and Avalanche Conditions; Know Before You Go!

All Indicated Roads Lead to Higher Elevation and Increased Avalanche Danger

1 km grid = 0.6 miles; elevation gain & route distances are one-way

Snowshoers should walk on the shoulders outside the ski tracks and groomed surface. This is also a safety matter. The area between the ski tracks is reserved for skate skiers. Keep in mind also: Hannegan Road is often groomed for snowshoers, and skiers with dogs. Thank you!

Free hi-rez copies of this map are available at the club's website: [MountBakerClub.org](http://MountBakerClub.org) on the Home page.

Yellow Warning Sign indicates very steep terrain and not recommended for children

- Elk Route 0.75 miles, ~35 ft gain
- River Route 0.75 miles, ~120 ft gain
- Huckleberry Route 1.1 miles, ~250 ft gain

- Snowshoe Routes
- Ski Trails
- Shared Ski & Snowshoe Trails
- Exceptional View Point

- Lodge Trail 1 mile, ~300 ft gain
- Razor Connector Route 0.16 miles, ~150 ft gain
- Razor Crest Route 0.8 miles, ~900 ft gain
- Razor Creek Route 1.2 miles, ~1000 ft gain
